I have read this for years and was grateful for the understanding, yet never said anything. But tonight, tonight I will - to elaborate the damage that a cult does. Not just to the deceived members who participate, but to the ones who do not. Because I was one of them. I am her. I am she. Though these accounts are anonymous, I am the first wife of Sylvester James. From day 1, I never was on board with Omega Ministries. The constant bashing of a woman as either a jezebel or a whore, never sat well with me. And being that I voiced it, and wouldn't sip the kool-aid because of my upbringing in the word, and the true Holy Spirit exhibited by my grandfather, I was called all kinds of names. Rashid said I was in rebellion. I was not allowed to talk to certain cult members spouses and I was shunned from text threads. I was called a witch and a butch from Gary Price. These are not the actions of a man of God. He is a cult leader. I believe wholeheartedly he encouraged Sylvester to leave me. For 4 years I lived in a house of toxicity, and was told that since I didn't follow OM, he had nothing for me. He didn't sleep with me at night, talk to me or even look at me. He wouldn't even go on vacation with me. I did everything for my last child and lived as though I was a single Mom. I stayed as long as I could. He stopped wearing his ring, and told me he had women lined up to take my spot. In Niomi's defense, he probably let her hear all the recordings of our arguments where I sounded like a complete psychopath. But I guess if you have never lived in a home with a man who is supposed to be your husband, and turns their back on you like you are not even existent and called all kinds of names - you will never know how you will respond. I was called an adultress, a sodomite, and a jezebel. I would like to announce to the world, that I was not cheating on Sylvester James at the time of our divorce, and that he filed a counter petition. Barbara Price asked for Sylvesters financial social security information and his retirement info. I felt threatened and emailed her to confront the insanity, and was told she would sue me for defamation of character. The sad truth is, is that I am saved. I gave my life to the Lord in 2010. I need therapy, and so do all my precious children for what we have been through. When I first moved to Houston, I reached out to Rashid in desperation for our marriage, believing he was a Christian in the faith. Yet he never once prayed for us. If you are not for them, you are against them. This is how cults work. The saddest part of it all, is how they brainwashed Sylvester.

At one point he was a decent husband and a great father. Now he has moved over there, and barely speaks to his children. My prayer is one day everyone's eyes will be opened to the truth and deception that Price vomits all over the people of his dogmatic cult as absolute truth, when they are simply Prices delusional opinions riddled with scripture. For this is what the enemy does. He sprinkles truth mixed with lies. People's souls and lives are at stake. Mine included and my children. What we have been subjected to is spiritual abuse, and it has affected us and will continue to affect us for years. Let the truth be told that no real pastor would encourage husbands to neglect their spouses and walk away from their family. One message Price talked about a man being tied down to a wife with 5 kids. He also glorified Niomi's body and how she has been single for so long trying to not be a whore that she turned into a hag. No real pastor of God would talk such things. Price is a narcissist and that spirit embeds itself to all his followers. I now do not pray any longer for Prices repentance. I believe he is a true wolf in sheep's clothing. I pray for the righteous judgment of God. For His vengeance is far greater than anything I can accomplish in the flesh. God knows the truth. Sylvester turned his back on me for not following the cult, and in 9 short months he is now remarried to a cult member. For all who condones it, they truly are condoning adultery. This is what Jesus meant by even if they remarried legally, they were still committing adultery. Because the first covenant was broken before God. The cult members truly believe they are the "elite" in Christ and are deceived treating anyone who does not follow it as unbelievers in the faith. In 1 Cor scripture is clear that even an unbelieving spouse who is willing to live with a believing spouse should love them and stay. This is what cults do. They deceive and brainwash. One day Sylvester James eyes will be opened and he will see Price for who he is and all the enemy stole from us. Our family, our children, our home and finances. God will never bless their marriage and part of me feels bad for Niomi and the other part of me feels she must have been so desperate to marry in her latter years, that she completely bypassed all the red flags. But it will all crash and burn eventually. God only allows things to go on for so long, until He will put His hand upon it. When the Lord has His way, His will be done. The Lord esteems marriage highly. I pray all the spouses who treat their spouses cruelly for not following OM cult, will see the error of their ways and repent. It is neglect and abuse, and not Christlike in any shape or form.

Calm-Appointment2080 · 1y ago

I hope you and your children get healing with Jesus Christ. I'm sorry this happened to you! Cults are notorious for controlling other people's marriages or destroying them.

None of those evil people including Sylvester care about the impact this is having on the children. I hope your children and you get true peace! So sorry you all are going through this.

The enablers of this adulterous marriage don't realize how bad they've damaged Niomi. The ex-wife and the children are not the only casualties of this adulterous marriage. Niomi just doesn't know it yet but the light will turn on in her head very soon and she'll realize how bad she allowed Omega to damage her life.

If Sylvester will leave his wife and children and start over with Niomi then she'd be a fool to believe that Sylvester wouldn't do that to her. The Prices don't care because all they want from both of them is money and to hell with everything else, right?

Here's what these enablers did to Niomi. They took a top tier single woman with no children and plunged her into the garbage by encouraging her to involve herself in adultery. Now if Sylvester leaves her she exes herself off of ever marrying a real godly man because now (even if she repents) she is defiled. The best Niomi can do from here on out (if Sylvester leaves) is marry a rebel who doesn't care about what the Bible says about divorce and remarriage.

These enablers did a marvelous job at destroying Niomi.

You bring forth excellent insight to ponder on in this unfortunate situation.

As many know and can confirm, the example above is just one of many incidents the leaders and their enablers have emboldened and encouraged over the years. These accomplices helped usher in catastrophic destruction and harm to the lives who've entered and either exited willingly or were forced out of Omega. To this day, some who were affected by the cult years ago are *still* picking up the pieces of what remains of their life in an effort to return to some type of "normal".

To expound on issues of these sorts is never the highlight of the account, but in order to bring clear understanding to the gravity of what has happened here, it's necessary.

Naomi got another woman's left overs with his 5 children in tow every now and again.

Sylvester is a trash man, because if he will happily abandon his wife and children he won't even bat an eye at leaving her.

Naomi isn't innocent in any of this. She was talking with Sylvester and developing a "relationship" with him while he was still married and living under the same roof as his wife and children. She is a disgusting witch for that.

Naomi and Sylvester are both selfish and bottom of the barrel people for even engaging in such a sham charade.

How often are his 5 children going to be able to see their dad? A couple times a year if that? No stability for the children. Their father moved away from his children to go be near the cult and his side whore. And the tramp that Naomi is, is completely fine with this man abandoning his children to play adultery with her in Atlanta. She'll be the next single mother in the line up. You'd think her old dusty butt would have enough sense to know the old saying "how you get them is how you'll lose them"

He will make you a single mother too Naomi, if you are even able to still get pregnant in your old age.

Sylvester is a disgusting punk who is in no position to teach anyone anything as the loser is not the husband of one wife. I guess Naomi hasn't learned about his drinking problem yet... she will soon enough.

Welcome to a life of hell Naomi, that's what you get for talking to and entertaining a married man.

The account is reminded of a comment a Redditor made over 2 years ago expressing concern about sodomy porno showing up during a women's Bible study. The comment can be viewed [here](#).

It actually happened twice and I was on both times. After it happened the first time I knew it was going to happen again. That is why they switched to YouTube. Whoever it was was saying perverse things as well. I said the same thing about them probably doing that. The fact it was targeted at the women and not the men. Then Price turns around and does a "deliverance" performance at the end of the next service. My mind was in chaos for awhile after that.

**Routine-Ad-3295** OP · 6mo ago

The question that has to be asked is why would a so called "ministry" who stands so hard against sexual perversion have anything of this sort pulled up on a laptop/desktop computer? Were they behind the scenes watching this before the women's Bible study started?

Gary Price has a DEEP hatred for women. It's hiding in plain sight. The only men I know who hate women like that are those who have issues with their mother in regard to their childhood or homosexual men who are jealous of women because it's natural for a man to be attracted to a woman and not them.

The account believes it's both.

Like document different said you talking about that homosexual mess in church is not what makes Omega a cult. Stop it. It simply makes you a homosexual. Not the flamboyant curly high heel kicking finger snapping homosexual but a classic pop eye the sailor loving homosexual. Not trying to be funny at all in saying that guys. I bet none of you can find an average heterosexual man in your life in the past or present who talks about homosexuality more than Gary. But Gary is about that homosexual life because he looked that young man in the front row in the eye the other week before he put his hands to his knees (during a sermon now) and made that three piece suit do what a thong couldn't do. To the credit of some of the men presently at Omega: some of them who agree with Gary still hate it when Gary goes off onto those homosexual rants and no that doesn't mean that they are or ever have or ever will practice a homosexual lifestyle or practice homosexual acts. The problem with the straight men around Gary is what? You are straight! So what is Gary doing by talking about homosexuality nonstop? Gary is grooming you, fella.

This is just full blown disgusting. Naomi is ratchet for this. Marrying a man who just got divorced and treated his REAL wife like trash while she raised his 5 children....

Naomi very well could have married a man her own age who was also single. I'm sure there were a few decent ones who attended their cult. She is dusty, and marry a newly divorced man who is way younger than her who has very young children of his own. 🤔

This is cult behavior 101. Cause divorces and manipulate into new marriages.

Rashid is ratch trap himself. You can tell that dude is either a whoremonger or a homosexual.

The question: did the ink dry on Mr. James' divorce papers? Niomi could've left space for Mr. James to be reconciled back to his first wife. She is in the educational system in Atlanta. The account knows she sees and has worked with hundreds of children who come from broken homes-mainly with no father. Now she has helped further contribute to those statistics.

And has a "pastor" who preaches about fatherlessness? How did this happen?

I'm starting to notice a trend in Omega. When the wives of these men who are 10 toes down "act up" and are not on board with them, Gary, Barbara, and Rashid help those men discard those women and then give them a new one that is. Notice, the men who have done this hail from Houston.

These are definitely cult practices. This is just one of the reasons why Omega has been labeled as a cult by the Cult Education Institute.

Wow. Interesting that these men, who divorced their wives recently, are from Houston. I don't think there is anything wrong with Houston but there is DEFINITELY something wrong with Rashid. There is something in Rashid that rubbed off on these divorced men. I think they are all just as sweet as Rashid. And Rashid is just as sweet as Gary.

Anyone surprised that Rashid showed up to officiate this? "I now pronounce you adulterer and adulteress. You may now both go and commit adultery." The Bible says, "Do not lay hands on anyone hastily, nor share in other people's sins; keep yourself pure." It makes no difference who blesses this. It's still adultery with Rashid saying grace before returning to the vomit at Omega. Who in the Bible also spoke blessings while in rebellion? Did that confuse you Rashid? Here let me help you: [1 Sam. 15:13](#); [23:21](#); [26:25](#)

Everyone is not going to be salvageable at Omega unfortunately so to the unmarried (who have ears to hear) you don't have to go the way of adultery to find a spouse. Adultery is serious. Divorce is something God "[hates](#)" which is a strong word coming from a Loving God! If you're considering a spouse then please be diligent and be very careful when a potential spouse says that he or she's been divorced because people lie. People lie sitting next to you in church. People lie standing behind the pulpit as Routine-Ad [already proved](#). If you're a single man seeking a wife then write Proverbs 31:10 down and *try to* answer the question in that verse. If you're a single woman seeking a husband then write Proverbs 20:6 down and *try to* answer the question in that verse. Don't worry yourself too much if those questions stomp you because no one can answer those questions [but God](#). Most men will proclaim each his own goodness and sell you a phony bill of goods. Yes even in church. You can kid yourself into believing that God will bless [whatever marriage you construct](#) without consulting the LORD!

Routine-Ad-3295 OP · 2y ago

They've been bias toward Mr. James because he's inside Omega. Many shunned his first wife because she wasn't on board with them. Gary & Barbara solidified him and made his first wife out to be unsaved and delusional. Because many cling to the Price's every word and believe everything they say, they wouldn't dare try to hear anything his first wife had to say.

Many of you over at Omega sat there Saturday witnessing and signing off on an adulterous marriage. To your credit some of you didn't know because Gary & Barbara are deceptive, but some of you did know.

Moving forward, as Flakefrawster said, seek to understand both sides of the story before you co-sign off on a marriage.

No Barbara a man leaving a wife and five children behind IS NOT THE WILL OF GOD you are a liar and the truth is not found in you. Anyway it coulda had 15 officiants it still ain't gonna work. Naomi you're that hard up that you had to tear apart a family just so u could get a man. You let that cult dry you up physically and financially and that's all the return you could get??? You woulda been better off staying at home masterbating to your hallmark romance movies and getting "delivered" every six months 🤔🤔 It's giving desperado!!! All yall should be ashamed of yourselves. Barbara is listing this land for \$550,000 which is over 7 times higher than what it is worth using donated Dunamis funds. Let me say that again and word it differently for those in the back: with a land value at \$75,800 she wants OVER 7 TIMES MORE than what the land is worth using money that you have donated folks!

This just makes me angry. So much of what he teaches is just unbiblical. The Lord has been doing a radical clean out of that garbage out of my soul. He also puts old wine in new wine vessels. He mixes the Old Testament with the new. The way God handled things in the Old Testament is not how He is handling things today. He makes it seem like God is just angry and we have not a chance in hell of really having a relationship with him. I had to come to the realization that being affiliated with that ministry was never God's plan for me. I wasted years of my life sitting in that cult. All resources dried up for funding the devils camp. It makes you angry but i know who the real enemy is behind it. Price has to answer for being such a tool in the devils hand. Talking about "i could pimp these women if i wanted too. It'd be too easy". And thats exactly what hes done. All those unmarried women over there getting old with nobody. Hes a life snatcher and that abomination of a marriage he made between Sj and Niomi is just that....ABOMINABLE. I wish Sj would have a seat talking about some Gold Team and trying to mentor someone after abandoning his kids and wife to go be Prices concubine. I dont know how anyone takes him seriously whatsoever. The reaping season is going to be horrendous and im glad i got out of there before God swings wide. Lord, continue to remove the wheat from amongst those tares.

That's why he loves quoting 2nd Timothy 3:6 about "**silly women**". Instead of warning women not to be this, he's reversed the scripture in his mind knowing he can take advantage of them. He's using the scripture to conduct evil. Explains why him and Barbara fight marriages so hard. If they keep the women "silly" and single with no husbands to lead them, they can rake them through the coals financially while using and draining them dry of all their talents. He's trying to create a stable of single women over there and if the men are married he has to make sure they have no backbone.

Finally glad he admitted what he was doing even if it was in his own cowardly way of saying it behind the scenes.

Omega Ministries

Here are some facts that may astonish you. Pastor Gary C Price invested \$30,000.00 into a Trucking Company known as Simons Global Solutions. That company is currently owned by Tim and Felecia Simmons. That money was taken directly from the 501 (c)3 which is a nonprofit account that was supposed to be used to build Dunamis Tabernacle. Secondly another \$40,000.00 was used to purchase some land in Henry County in 2022. Although you may think this land was for commercial use to possibly build a church. It isn't zone for commercial use but rather residential use. So Pastor Price and a group of followers were going to build and flip houses under a for profit LLC of Men of Valor. This LLC contains names of people who don't even know they are apart of this group. That's fraudulent. While his intentions may be good on both investments that's not what those monies were secured for. People willingly gave to Omega Ministries on various occasions through Facebook and other designated ways. You can't use monies intended for a church building to fund investments that have a purpose of profit. There are Elders that actually knew these things were happening but did nothing to protect members or other givers. There is absolutely no transparency, disclosure nor accountability in that Ministry. Not one member or Elder can tell you what Pastor Price's salary is. So that means He pays himself a self appointed salary. That's what happens to most of the unaccountable monies. That's why He constantly say "He can't even wipe his behind with that little bit of Money." Lastly you most know that those who know what's going on but are too weak to say anything are just as guilty as Pastor Price and His wife for the deception and misuse of those funds.

This is a crying shame. Gary Price is like Saul, who still wanted to be honored before the people after he was no longer favored by GOD. Spiritually speaking, Omega Ministries is the "House of Saul" & GOD is beginning to exposed the wickedness. This is only the beginning of what all will be revealed. Everybody hold onto your wigs because this is going to be a wild ride as the stuff hits the fan. Pray for the people that are still attending Omega & are under the manipulating/witchcraft working sway of Gary & Barbara. 🙏

You know what guys this post is hard. Very hard. I am feeling the need to take a lighter approach because Niomi spent a large portion of her life believing that Gary knows what he's talking about. To find out that he doesn't is hard especially when Gary conducted this adulterous marriage along with Rashid. Two guys who should know what adultery is as Niomi assumes they won't lead her astray. Let's talk about something easier for you to repent of, Niomi:

Certain-Day-1434 · 2y ago

This article is spot on. gary price is on record stating that he is here to break up marriages, and yet strangely couples not only sit there, but asks this clown to marry them! Then once a spouse sees through his wicked deeds and the marriage is broken up due to one wanting to stay and the other wanting out of the cult, his statement is: "if the unbeliever departs, you are no longer bound" as if to say that anyone who leaves his cult is a nonbeliever. It's been also noted that this little fella has told men that if they leave their wife "there's plenty of women here for you". Not only is this disgusting, but it is actually being practiced REAL TIME.

Also that weird proposal during a church service. Narcissists have to be involved in every aspect of their victims lives. They couldn't have a private proposal on a nice dinner date. Also if either one of them is divorced and trying to remarry while their first spouse is still a believer or their spouse still wanted to stay married to them then they are committing adultery.

The mind games he plays are astounding and should be studied by the top psychologist in its field.

To be honest, there's no telling what's going on behind the scenes and maybe would bring answers to why some of them can't leave. This account wouldn't be surprised if some of those who have been around for years are not involved in some sort of sexual perversion with the Price's. We believe this rabbit hole goes deep. All things will be exposed in due time. For their sake, the account hopes it's wrong because of how hard they preach against certain sexual perversions/acts.

The last thing Omega needs is new/fresh "fish". For what purpose? So Gary & Barbara can slaughter them like the fish in the picture above? Enough people have been damaged and shipwrecked in their faith by these two. Notice Gary said "young". He wants young people because he knows they're easier to deceive and exploit. Many (not all) don't have much life experience nor solid scripture teaching which makes them easy prey for him to indoctrinate. He's only wanting to produce clones so they will replicate for Omega, not for the Lord.

This is nothing but a game to Gary & Barbara for the exploitation of money. Repulsive!

Remember, just because someone teaches or knows scripture doesn't mean they believe in the scripture or are living out the scripture.

There are Elders that actually knew these things were happening but did nothing to protect members or other givers. There is absolutely no transparency, disclosure nor accountability in that Ministry. Not one member or Elder can tell you what Pastor Price's salary is. So that means He pays himself a self appointed salary. That's what happens to most of the unaccountable monies. That's why He constantly say "He can't even wipe his behind with that little bit of Money." Lastly you most know that those who know what's going on but are too weak to say anything are just as guilty as Pastor Price and His wife for the deception and misuse of those funds.

I have seen some videos online but I am from another state I see people saying he broke up families and there are problems within his family. I get the impression these are people who perhaps knew the members first hand. Can anyone explain how family is broken?

Hello [u/Known_Assist799](#)! Thank you for your comment.

To answer your question: the breaking up of families is with married couples-one person who is on board with Omega and the other person not being on board with Omega. Gary & Barbara will tell individuals that are on board if the other spouse doesn't believe what they're teaching "they're not saved" and are "demon possessed". They begin to call them names such as "sodomites", "witchcraft working devils, "witches" etc. It begins to sow discord, contention, and confusion into their marriage.

At the basis of everything Gary & Barbara Price do, their entire "ministry" revolves around money. With the individual that is on board in the marriage, if they are giving big amounts of money, they'll try to break that person away from the spouse that doesn't believe in their teachings, therefore keeping that cash flow unbothered & unhindered.

They've been successful in doing this with many marriages which ultimately led to divorce.

Hope this answer helps. Please let me know if you have any further questions.

Omar Fonseca Jr. That moment when you seriously realize how personal of a relationship the Lord wants. The world crosses out when it's personal. The very sin that I committed had a reaction by the Christ. He took it personal and went to the cross for ME!!

That level of love that goes beyond words. That level of love that can only be understood by intimacy. That level that deserves no explanation to no one. It's not possible to realize that without shedding a tear...or two.

For Jesus to take it upon Himself to go that far to show compassion for my soul, he deserves more than the rest of my life. He deserves more than the "thank yous" I can utter. Being a Christian just got personal.

The ground isn't low enough to bow.
